Pure Blue Ridge

Overlook the views of Virginia's Blue Ridge — with homes that are built to complement the natural surroundings. Rounded peaks and open fields wrapped in the familiar soft blue haze provide an idyllic setting in nature for senior living within the heart of Lexington, one of Virginia's most beloved towns.

We're Expanding with the New Sunrise Ridge Cottages

Kendal at Lexington believes in a different kind of retirement. It is one that suits individual passions and community values. Our new expansion beautifully expresses these beliefs with the Sunrise Ridge Cottages. Situated on a ridge overlooking the Blue Ridge Mountains, these homes will offer privacy and spacious living — and are not far from community dining, the fitness center, library and auditorium. Here, varied amenities will delight your senses and enrich your life.

At Kendal, Life Care is more than just a plan, it's a calm mindset about the future. If care needs change, there's no worry about where to go. With Life Care, you can age in place in the community you love. Creating your ideal retirement is simply in our nature.
